Drs. George and Chris Rooney provide you with the best available treatment options and manage your dental health with dedicated and professional care.

Although we are not contracted as an "in-network" provider with any insurance carrier, we are happy to submit a claim to your insurance provider. We will also be your advocate to help seek the maximum allowable dental benefits regardless of the plan.

You are financially responsible for the cost of your treatment regardless of whether it is covered by insurance.

If you are not covered by insurance, we can help. There may be payment plans or financing options available to you. Please tell us about any concerns prior to your treatment so that we can help you find the best solution.

In consideration of dental treatment to be rendered to me or my dependents, I agree to sign over every dental benefit payment issued to me for dental services performed by this office within ten business days after receipt from a Dental Service Corporation, Health Service Corporation or Dental Plan Organization. However, if the amount owed to this office is less than the amount of the dental benefit payment, then only the balance owed shall be paid.
